SIEMENS

Data sheet 6GK5897-4ME00-0AA0

product type designation	**Antenna ANT897-4ME**

ANT897-4ME antenna for public 3/4/5G mobile wireless networks and private 5G networks and WLAN 2.4/5 GHz, worldwide; omnidirectional characteristic; 600..6000 MHz; antenna gain: 2..6 dBi, including N-Connect female connection, IP65; -40..+85 °C; observe national approvals; mounting on wall or mast scope of delivery: 1x ANT 897-4ME, 1x mounting bracket; compact instructions as hard copy German/English,

product brand name	SCALANCE
Technical Product Detail Page	https://i.siemens.com/1P6GK5897-4ME00-0AA0
suitability for operation	antenna for 5G/4G/3G/2G networks & IWLAN
radio frequencies	
type of wireless network / is supported	5G public networks, 5G private networks, LTE, UMTS, GSM, WLAN
operating frequency / 1	617 ... 698 MHz
operating frequency / 2	698 ... 960 MHz
operating frequency / 3	1427 ... 2700 MHz
operating frequency / 4	3300 ... 7125 MHz
electrical data	
antenna gain compared to spherical radiator	
● with linear radiation	typical max. gain, measured on supplied holder
● with linear radiation / in operating frequency area 1 / typical	1 dB
● with linear radiation / in operating frequency area 2 / typical	2 dB
● with linear radiation / in operating frequency area 3 / typical	2 dB
● with linear radiation / in operating frequency area 4 / typical	7 dB
impedance	50 Ω
polarization	Linear Vertical
radiation characteristic	omnidirectional
standing wave ratio (VSWR) / maximum	3
number of electrical connections / of the antenna	1
type of electrical connection / of the antenna	N-Connector
design of plug-in connection	female
mechanical data	
material	
● of the enclosure	Aluminum, chromate-free conversion layer
● of outer shell	ASA
color	black
ambient conditions	
ambient temperature	
● during operation	-40 ... +80 °C
● during storage	-40 ... +80 °C
protection class IP	IP65
design, dimensions and weights	
height	82 mm

Subject to change without notice
© Copyright Siemens

diameter	48 mm
net weight	212 g
fastening method	
● mast mounting	Yes
● flat roof mounting	Yes
● wall mounting	Yes
● roof mounting	No
● directly on the device	No
product features, product functions, product components / general	
product feature / silicon-free	Yes
standards, specifications, approvals	
certificate of suitability	
● RoHS conformity	Yes
wireless approval	Current national approvals can be found on the Internet under www.siemens.com/mobilfunkzulassungen

security information	
security information	Siemens provides products and solutions with industrial cybersecurity functions that support the secure operation of plants, systems, machines and networks. In order to protect plants, systems, machines and networks against cyber threats, it is necessary to implement - and continuously maintain - a holistic, state-of-the-art industrial cybersecurity concept. Siemens' products and solutions constitute one element of such a concept. Customers are responsible for preventing unauthorized access to their plants, systems, machines and networks. Such systems, machines and components should only be connected to an enterprise network or the internet if and to the extent such a connection is necessary and only when appropriate security measures (e.g. firewalls and/or network segmentation) are in place. For additional information on industrial cybersecurity measures that may be implemented, please visit www.siemens.com/cybersecurity-industry. Siemens' products and solutions undergo continuous development to make them more secure. Siemens strongly recommends that product updates are applied as soon as they are available and that the latest product versions are used. Use of product versions that are no longer supported, and failure to apply the latest updates may increase customer's exposure to cyber threats. To stay informed about product updates, subscribe to the Siemens Industrial Cybersecurity RSS Feed under https://www.siemens.com/cert. (V4.7)
